Comments	<input type="text" value="I object to this request to planning permission for many reasons. The strongest reason is Environmental. The proposed plans will not only spoil the visual landscapes, it disrupts and eliminates huge amounts of habitat for wildlife with the expansive scale of the buildings, this will separate natural patterns and paths for both animals and birds. More people, more vehicles, more rubbish, more noise will all descend to Upper Heyford. Junction 10 will not cope, even with the proposed modifications. The brochure containing information was 'watery', I felt there was huge guess-work with numbers and plenty of covering up of details even at this first stage. I have seen way too much destruction to wildlife and habitat along the M40, it's has to stop."/>
