Dear Planning Department,

I would like to express my objection on planning application N 22/01340 TRITAX SYMMETRY PARK.

I have been living in village of Stoke Lyne since 2015. My daughter was born and is being raised in this small village. Stoke Lyne is currently surrounded by lovely countryside, which we really appreciated throughout COVID time especially. Seeing farm and wild animals and the beautiful countryside on your doorstep is vital for our mental health. The children in Stoke Lyne are now growing up appreciating the nature in the fields around the village: horses, sheep, alpacas, foxes, deer, rabbits, different species of birds — the list is endless. Building of warehouses near the village of Stoke Lyne will definitely affect the quality of life of us, including our children; also will have an impact on animals, birds and wildlife.

The pollution and dust from the transport and the construction works, the noise, disruption to traffic on roads around the village and the increased number of vehicles going through the village would destroy the peacefulness of the village and cause stress to everyday life.

Based on these points I am against building the warehouses around the village of Stoke Lyne.
