Comments	<input type="text" value="The countryside on the Middleton Cheney side of the M40 has to be treated as green belt for both the residents of Banbury today and future generations. The road and transport infrastructure around junction 11 cannot support increased traffic load for logistics. This area supports both a wide and diverse range of wildlife, and walks and cycle ways - essential for the population of Banbury for exercise. Obesity is our biggest generational threat. Legally and morally this development should not be allowed."/>
