<b>Comments</b>	<input type="text" value="I am Banbury born and bred and our business is in Banbury. I have watched the developers take the heart out of this town and can't believe what they are doing at the moment. We have become the warehouse corridor. Whilst Leamington and Bicester flourish we are just building more and more warehouses. These warehouses create very little employment, they are just for storage and distribution. Each one you build takes away our countryside and causes even more traffic havoc in the town and to a junction that can't cope with the traffic it has now. The units across the motorway on the Daventry Road should never have been built. Where are you going to stop? Fill the fields to Middleton Cheney? Have you got a budget for widening the roads to make more lanes? Extra junctions on and off the M40? Enough is enough. We don't need warehouses, we need more facilities like The Light to bring this town back to its former glory. We have empty warehouses that haven't been let, don't build anymore!"/>
