<b>Comments</b>	<input type="text" value="More and more areas of countryside, wildlife and areas of nature are being ripped up around this area. Banbury council are allowing more and more industrial units to be set up removing the lovely countryside that we live here for and more importantly makes us an industrial town where all of the jobs available to our young people is factory work, picking and packing. Why does the council not see that we need diversity in this town and not just retail and factory work! They are ruining our countryside and our childrens futures. Councillor Ann Bonner fought about this years ago and it's clear no-one listened to her those many many years ago. Leave the green space alone, being in better jobs for our young people."/>
