<b>Comments</b>	<input type="text" value="I strongly object to this proposal for many reasons:&lt;br/&gt;-we don't need more warehousing. There is plenty available that can't be filled already.&lt;br/&gt;- it is destroying ancient and beautiful farmland and ruining the views.&lt;br/&gt;- that junction is already impossible to get out of at peak times so cannot cope with yet more traffic.&lt;br/&gt;- industrial Banbury is encroaching on the nearby villages. It should never have been allowed this side of the M40 in the first place so we don't need even more.&lt;br/&gt;- pollution - the proposed buildings will cause noise, light and smoke pollution.&lt;br/&gt;- HS2 - we already have to put up with more disruption caused by the HS2 works with random traffic lights and road closures. The area cannot cope with even more. You are making all our lives more miserable by trying to develop our beautiful countryside into concrete city. I often point out the old ridge and furrow fields to my children and explain their origin. I can't if they get flattened and built on!"/>
