<b>Application Number</b>	22/01590/DISC
<b>Location</b>	Os Parcel 4300 North Of Shortlands And South Of High Rock Hook Norton Road Sibford Ferris OX15 5QW
<b>Proposal</b>	Discharge of Condition 8 (surface water drainage scheme) of 18/01894/OUT (APP/C3105/W/19/3229631)
<b>Case Officer</b>	Daisy Kay-Taylor
<b>Organisation Name</b>	SIBFORD ACTION GROUP
<b>Address</b>	Bramley House,Stewarts Court,Sibford Ferris,Banbury,OX15 5QX
<b>Type of Comment</b>	Objection
<b>Type</b>	neighbour
<b>Comments</b>	<p>Given that Severn Trent have just posted a Holding Objection onto the Cherwell District Council Planning Portal with regards to planning application: 22/01773/F, on the grounds that more work needs to be done to "better understand the drainage situation", we stroonly suggest that Condition 8 of planning application 22/01590/DISC is NOT DISCHARGED as this application will which will have a much greater impact on the sewage treatment works in Sibford Gower. The residents of Sibford Gower and Sibford Ferris were alarmed to read that on 22nd JULy, Severn Trent commented that the increased flow " will have to be tolerated" and that the "TAP team will promote an increase in the storage in the network".</p> <p>We request that Condition 8 is NOT discharged until such time as the capacity of the Sibford Gower Sewage Treatment works is properly understood and that any planned increase in capacity is fully delivered. The residents can not tolerate any risk of sewage overflowing into the local river system or up through manhole covers at peak times and during heavy rainfall.</p> <p>SIBFORD ACTION GROUP</p>
