Comments	<input type="text" value="The application has been well addressed covering the assailant risks including: - Access for emergency services including the Fire Engine that failed to get by; damage to the verges, parking of vehicles creates a blind spot when approaching the village from Wroxton

Horley is a very much sought after village the approach from both the Warwick Road and Hornton provides clear and welcome vies, whilst the approach from Wroxton is most undesirable with high risk of an accident due to the blind spot directly after the bend at the bottom of the hill

Most properties in the village either have drives or off road parking by utilising dropped pavements, the Old Council Houses do not have this facility; with off road parking this will be resolved"/>
