Comments	<p>I am very much in favour of the proposed new Car Park. Having been a resident for 40 years, living in Gullivers Close, the area in question is obviously a road safety concern and one would think a problem to the residents who lack parking.</p> <p>However, my concern is has the proposal been thought through properly. Eight parking spaces seems to be inadequate to park the number of cars that frequent the area most days. Surely a minimum of twelve would be better for multiple car families. As time progresses, and the houses are sold to families we may be faced with the same problem again.</p> <p>Will the parking be secure with each household being allocated a space? Also, will there be a security system to avoid walkers etc parking short term.</p> <p>Living in Gullivers Close this proposal does not affect me directly, but I hope the proposal is passed.</p>
