Comments	<input type="text" value="The parking of cars is an issue throughout the village and especially on the Wroxton Lane. The road is narrow and there are a number of properties without parking so the only option is to park on the road. This narrows the road even further and makes the area more dangerous for road users an pedestrians. The cars on the road spoil the view of the entrance to the village and are eroding the grass verges. The provision of a car park off the road would, along with measures to deter parking on the road, would make the area more attractive, more sustainable and most importantly, safer."/>
