<b>Comments</b>	<input type="text" value="I am writing as chairman of Horley Parish Council. The extremely high level of support for this planning application from village residents and others reflects the concern over the current situation and the need to improve parking. The grass verges are an essential part of the character of the village and to see them destroyed by parked cars has affected everyone. There are also the concerns about vehicle access noted many times. Whilst in an ideal world we would not want to utilise green fields for parking, doing nothing is simply not an option and the proposed solution, supported so overwhelmingly, reflects the care the Parish Council has taken to propose a solution, acceptable to both villagers and planners. I would therefore urge the planners to take note of the views of the village residents and approve this application."/>
