Comments	<input type="text" value="Having lived in the village for over 20 years, I have been a member of Horley Parish Council for 19 years during which I have seen major increase in traffic, hence parked cars, the application proposed by the council will alleviate the congestion at the bottom of Wroxton Lane, provide a safer flow of traffic, return the verges to those in keeping with the rest of the village and allow pedestrians to walk on a pavement rather than have to negotiate oncoming traffic.
As all councils have a responsibility for health and safety the application for off road parking will go a long way to assist and provide those with a disability and those with young children a safer environment to walk without having to negotiate damaged kerbs and cars parked in an unsafe manner
I fully supprt the councils application"/>
