Comments	<input type="text" value="As we live at the top end of the village where the road is much wider and we all have off road parking, the bottom of Wroxton Lane is not only narrow, the double parking creates a bottle neck which is the only place the residents can park as they have no off road parking. It is a known fact anyone visiting the village from the South using their Sat-Nav are directed approach is via Wroxton Lane, in the interest of emergency vehicles the proposed application would alleviate the congestion and provide safe vehicle access
