Comments:

I wholeheartedly support the application for the car park. It will allow the large build up of cars at the bottom of Horley to be taken off the road and allow that entire area to be freed up. Only 3 weeks ago I was privy to a Class One HGV lorry getting stuck at the bottom of the village. Having taken a wrong turn down Wroxton Lane the driver and his 50 ft lorry were completely stuck. The driver was lucky in that the 2 cars park either side of the village road had their respective drivers at home and both cars were driven away leaving the lorry space to drive up through the village. Had (which often happens) the drivers been working away or on holiday then the truck had no option to move forward or reverse and would have simply had to stay there until the drivers were back home. That could have been weeks, with the entire bottom of the village cut off with no access for vehicles in or out of the village. The car park will provide a huge boost to the bottom of the village. At present the area looks unsightly and it will also allow the bottom of the village to be much much tidier and pleasing on the eye too.
