Hi Ben,

The OCC statutory consultation response you submitted has been brought to our attention.

Can you please consider noting to the planners and designers that the two highway drainage outfalls into the watercourse are preserved please or if rerouted that they are maintained.

We have had property flooding issues in the past at this location particularly to Brook Cottage due to runoff on the highway not discharging adequately into the watercourse because of blockages or damage to the outfalls which we rectified 18 months ago.

Many thanks

Nick Watson
