<b>Comments</b>	<input type="text" value="As an Islip resident I object in the strongest possible terms to this planning application. It will be visible from Islip and ruin beautiful countryside. The impact of a large solar farm such as this on a valuable, delicate and import ecological environment will be very detrimental. It is not appropriate to build such a large site next to Otmoor which is an important wetland bird site. There are many protected species in the area whose habitats would be lost as a result of this application. The change of use of greenbelt land to an industrial use is unacceptable."/>
