<b>Type</b>	<input type="text" value="neighbour"/>
<b>Comments</b>	<input type="text" value="Noke Parish Meeting is making a submission as a standard consultee representing the views of Noke residents. See attached file with our detailed objections. Also a submission of photographs. Our principal argument is that all forms of renewable energy need to developed within a strategic local framework (not in the current piecemeal way) and not at the cost of productive farmland and an adverse impact on the green belt. Another aspect of our objection is the unknown impacts on local wildlife and existing biodiversity."/>
