

Comment for planning application 22/01682/F

Application Number	<input type="text" value="22/01682/F"/>
Location	<input type="text" value="Land North Of Manor Farm Noke"/>
Proposal	<input type="text" value="Development of a ground mounted solar farm incorporating the installation of solar PV panels, associated infrastructure and access, as well as landscape planting and designated ecological enhancement areas."/>
Case Officer	<input type="text" value="James Kirkham"/>
Organisation Name	<input type="text" value="ruth landreth"/>
Address	<input type="text" value="2 Ventfield Cottages,Church Lane,Horton Cum Studley,Oxford,OX33 1AP"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="1. The ecology survey is thorough and includes details as to how the ecology of the area will be supported / improved. What are the guarantees that this work will be done?

2. The proposed site includes a corner that is adjacent to Otmoor and includes a field that is in the conservation area. Could the plan be scaled back so that field 4 is not included. (Compromise- accepting we need both this kind of energy and to protect the existing environment)

3. We need some joined up thinking in Oxfordshire and this is your opportunity. The homes built (and those that will be built) on the Bayswater plain should support solar roof panels. These should be a necessary requirement of the building plans."/>
