<b>Comments</b>	<input type="text" value="This proposal lies close to the Otmoor Reserve and there is evidence that solar panels are mistaken for water by birds leading to a high mortality rate. This location is therefore unsuitable for a solar farm of this scale. Whilst renewable energy is generally to be supported this should not be at the expense of Otmoor and the further depletion of our natural resources.&lt;br/&gt;&lt;br/&gt;Other considerations are that the site is in the Green Belt."/>
