| <b>Comments</b>           | <input type="text" value="As a walker that regularly visits the area to birdwatch and enjoy the oxfordshire countryside, I am concerned that this development will destroy the natural beauty of the area. The countryside is one of the counties biggest assets, attracting visitors from across the country, building eyesores such as this solar farm, will reduce the number of visitors wanting to enjoy the unspoilt scenery and therefore reduce income to the rural areas via tourism. I also worry what impact this development will have on the local wildlife such as hares which I have seen in these fields many times"/> |
