| Comments | <p>I object to this planning proposal Otmoor represents and special, unique and well established natural environment within the area It has taken many years to enhance the physical environment to promote the return of birds, insects and animals to the area and now sees an extensive range of species flock to it annually. To destroy such an expansive area that is being proposed would destroy the years of work and resource that has seen success to date. Further, it is prime agricultural land, to waste this land on solar panels is short sighted and ill informed. As a nation we are going to continue to need extensive</p> <p>I live a mere 5 houses from the Moor and visit multiple times a week, the impact on those who enjoy this unique and valued space is far reaching, both local residents and the extensive number of people who travel from further afield; a clear reflection of the value and enjoyment gained from visiting this are</p> <p>All of the above are at threat of being several damaged or destroyed all together if this proposal is approved</p> |
