Comments	<input type="text" value="There is no justification for developing this site within the green belt. The ugliness of Man's desire to yet again encroach on and threaten such a nearby protected habitat as Otmoor Nature Reserve is utterly depressing . We do not learn. If this proposal were allowed to go through then other inappropriate developments will follow.We do not learn. Surely there are far more appropriate brown field / industrialised sites , already contaminated by development,which could be a priority for consideration."/>
