I have just travelled through Italy - via Flaminia A1 Orte to Roma - every Service station has under solar panel shaded cover -in all parking areas :

A double winner:  
Shade and Power

If Green Belt land is to be sacrificed for Solar Farm - why on earth are you considering greenfield Otmoor / Oddington /Noke over Oxford GBelt Park & Rides ? and A40 Cherwell Services/ Bicester Village parking where power source is closer to usage?

Greenfield Otmoor is a crying shame and loss of Green Belt Openness and lanscape amenity .
