Comments	<p>- This proposed development shows a lack of consideration for the well-being of all residents of Woodstock. Access to healthcare is already the worst in all of Oxfordshire (NHS Data for Oxon, April 2022) with the highest ratio of patients to GPs. The developments already in the pipeline will make this bad situation worse and the addition of 500 dwellings and around 1500 people would make it worse still. This is not acceptable.</p> <p>- The transport policy of O.C.C. is to keep traffic on main roads and off residential side streets. Connecting two large developments and creating a rat-run is both undesirable for residents and against OCC policy.</p> <p>- Woodstock is a small town with an already overburdened infrastructure. It cannot cope with another large development.</p>
