Comments	<p>Whilst I have no objection to the outlined application, I have a strong objection regarding the access to and egress from the new site via Cowells Road. This will simply allow cars and delivery vehicles to use this access as a rat run to avoid having to queue at the round about during pick time or when events take place at Blenheim. As there are no traffic calming measures in the estate, this will render the environment unsafe due to the increase level of traffic. It will also enable more cars not from the estates to drive through and park on the Estate nearer to Woodstock to access Blenheim or walk to town.</p> <p>I also understand that this may also be used as a bus route through the estate which again is wholly unnecessary. Bus stops located outside the estate as the one currently on Oxford Road would be perfectly adequate.</p> <p>It is also a concern to have an additional 500 houses in an area where the GP surgery is already struggling with serving the extra 2 phases so far at Park View. There is no point in building more houses if people cannot access medical care.</p> <p>Many thanks.</p>
