<b>Comments</b>	<input "="" type="text" value="This will be disastrous for the area. Our local GP surgeries can't cope with the current population and the already approved extra housing being built. There is no road infrastructure to ease any extra traffic. It is taking longer and longer to get to work in the morning. It's already impossible to park in woodstock to get to the GP surgery (if you can get an appointment because of current patient numbers), chemist or local shops and I don't know how the school is meant to cope with the increased numbers. I think it's awful that green land is being decimated too. Our countryside is slowly being eroded. I moved to this area many years ago because it was quiet and to escape built up areas and slowly it is being turned into an oxford suburb. I just don't think the area can cope with the extra pollution.. I wish I could believe it is fir the good of the community but we all know it's simply a money making exercise for the builders. Please Cherwell Council don't destroy an already overloaded community and eroding countryside.!"/>
