Comments	<input type="text" value="I object to the this application on the grounds that it will have a detrimental impact on the town of Woodstock. The current infrastructure of the town could not cope with the addition of another 500 houses, which could potentially increase the population of Woodstock by c.2000 residents. (and no further additional school space, health or sports/leisure facilities) Woodstock has seen more than it's fair share of new developments and the character of the town is at threat of being altered irreversibly. I hope that CDC will reject this planning application."/>
