<b>Comments</b>	<p>Noise affects the health and well-being of people,so why build 500houses in a noisy area. I live in Bladon and Know the extent of noise especially from helicopters, jets and light aircraft. Add to that the traffic noise from HGV`s and festivities going on at Blenheim. I object to Blenheim flooding the countryside with houses and now Solar farms. If they wish to be seen as trailblazers in such areas, then carry this out within the Blenheim estate. The country side is disappearing.</p> <p>The development will create extra traffic through Bladon, causing additional air pollution especially near the school where traffic brake an accelerate due to the road corner. The future of Blenheim Palace seems to me to be more important than the future of residents living around it.</p>
