Subject: 22/02998/DISC - Longford Park Community Park Design (Phases 4, 5 and 7), including Balancing Ponds

Hi Andy

As discussed and agreed today and setting aside outstanding matters of:
cycleway/footway/street lighting specification, and adoption;
Landscape Management Plan (Condition 4 of 14/01833/REM);

I am pleased to confirm that the landscaping proposals (excluding cycleway/footway/street lighting specification) of the Longford Park Community Park Design, (Phases 4, 5 and 7) are acceptable – refer to drawings: Bankside, Longford Park Community Park Design (sheets 1-5 - Rev AA). I recommend that the condition be discharged. Please forward me copy of the decision notice and I will amend the FC completion date on the FC certificate, and send it to you for signing.

It is suggested that items 1 and 2 are dealt with under the usual planning procedures.

Best regards.

Tim
