Comments	Cherwell is in a never-ending spiral of trying to keep a five-year housing supply as soon as it is identified and developed it is back to square one. This is wholly unacceptable to continue to build and swallow up these historic villages that then lose their identity, the countryside is fast disappearing under concrete. The project is unsustainable development, I find it shocking that the highways dept has not come back with a robust response to the proposal and should be invited to comment further. The traffic generated will overwhelm the current network, the infrastructure in Banbury can not cope currently without further housing being built, lack of dentists, inadequate health provision by lack of investment in our hospitals and insufficient GP's.
