Subject: Application 22/02101/OUT

Good afternoon,

I have been speaking to the archaeological consultant for this project, and we have agreed that the areas on the western edge of the development will not be disturbed, and so the attenuation ponds will need to be moved. Has the applicant submitted an updated site plan? I could not see one on the planning portal. I have also noticed that the archaeological evaluation report has not been submitted with the application, are you able to see if it was sent to the planning office?

Thank you for any help you can provide.

Kind regards,

Victoria
