Subject: RE: Planning notification for application reference: 22/02470/DISC

Dear Sir/Madam,

Ref: 22/02470/DISC OS Parcels 3309 and 4319 Adjoining and North of Milton Road, Adderbury

Condition 12 asks that a written scheme of investigation is submitted to and approved by the LPA. Oxfordshire Archaeological Service have approved the written scheme of investigation prepared in December 2018, though we have not had the supplementary method statement submitted to us for approval prior to it being submitted as part of the discharge; as such there is one addition which needs to be made prior to us discharging the condition (see below).

4.1 The watching brief should be **permanently** maintained during the period of intrusive groundworks

An archaeological evaluation has been carried out on the site, though condition 13 asked for a programme of evaluation and mitigation, and therefore I cannot discharge this condition until the mitigation (the archaeological watching brief) has been carried out.

I will discharge condition 12 once the addition has been made, though cannot discharge condition 13 until the mitigation has taken place.

Kind regards,

Victoria
