Dear Andy,

Having read the reports provided I can recommend the following:

Condition 19 – CEMP – My only comment is that our published recommended hours for noisy construction work on a Saturday are 08.00 to 12.30 rather than the 13.00 finish in the CEMP. If this can be changed then I would be happy to recommend the discharge of the condition.

Condition 20 – Air Quality Assessment – This condition can be discharged.

Condition 23 – Contaminated Land Assessment – This condition can be discharged and no further reports are required unless unexpected contamination is found during the course of construction.

Please note my working pattern below, I will only respond on the days appropriate to the email content
Mon – Weds: Environmental Protection, Thurs – Fri: Health Protection and Compliance

Kind Regards
