Comments	<input type="text" value="This village cannot take anymore homes ! We have water mains that burst a few times a year ! We have electricity that flickers all the time . We are running out of green lands that makes us a village. Stop allowing these rich people making more money ! Dont turn into oxford city council saying yes to everything ! A builder always says they will pump in x amount into the community but that never happens as they get to the end of the build and always get out of it with saying the have over spent on the job ! This is not on !"/>
