<b>Comments</b>	<input type="text" value="Yet another housing application for a small village that does not have the infrastructure to accommodate this type of growth. Inadequate facilities in the village cannot accommodate this type of growth, the school will not be able to cope with the influx of children that this and other applications will be bring to the village. The roads into and out of the village will not be able to cope with the extra traffic. The amenities within the village are insufficient for the current population as it is."/>
