<b>Comments</b>	<input type="text" value="As a village Ambrosden has been subjected to much development over the past 5 years and it simply cannot sustain any more. The effect of increased traffic, increased population, need for school places, lack of decent public transport and loss of wildlife and countryside in an essentially rural area cannot be allowed to continue. Since I moved here 8 years ago hundreds of new houses have been built in the village and the resulting loss of wildlife and habitat in the area is noticeable as is the massive increase in traffic which is becoming more dangerous all the time. We already have too much development in this village and it is being ruined as a result. Please do not build any more expensive executive estates here that local people will never be able to afford to live in!"/>
