Comments	<input type="text" value="The village has already grown more than double its size in recent years but nothing has changed regarding facilities in the village. The school is already at capacity so where would children go to school? There will be so many more cars on the roads that already struggle at peak times. What about the wildlife? At the rate building is taking place in ambrosden we will be joined to graven Hill, blackthorn and Merton before long. The entire identity of the village is being lost. I've been here 23 years and it is unrecognisable from then. I appreciate change has to happen but its too much in one place."/>
