Comments	<input type="text" value="Ambrosden has had a number of new developments over the 20 years we have lived in the village, with no new infrastructure although promise after promise is given by developers little has happened.

The school isn't big enough for the village and children are have to travel to primary school, the roads are up to standard with multiple pot holes and more traffic will just make this worse.

Ambrosden needs to remain a village but is rapidly joining up with Bicester. To maintain the integrity of our village we request no further developments in our village."/>
