<b>Type of Comment</b>	<input type="text" value="Objection"/>
<b>Type</b>	<input type="text" value="neighbour"/>
<b>Comments</b>	<input type="text" value="I wish to object to this application on the grounds of the impact to local wildlife, existing security problems in the village, lack of amenities (especially for teenagers) that do not appear to be considered in these applications (more green spaces and parks do not take into consideration this age group), impact of increased traffic on already struggling roads (these have been horrendous of late and will only worsen should this application go ahead), increased flood risk and impact on quality of life as we'll all be living so close to the building work."/>
