Comments	<input type="text" value="The once small community village of Ambrosden has already had a huge percentage of allocated building for the Oxfordshire area. Why is it Ambrosden that seems to be the go to area for yet more building where there are more suitable areas to build in. We are no longer a village are are pretty much joined to Bicester, this needs to stop!! There is a huge risk of flooding and wildlife is being affected. The roads cannot cope with the increase of traffic. We already have issues with water pipes bursting, power cuts. Ambrosden is a RURAL community, leave us to be that community"/>
