Comments	<input type="text" value="I strongly object to this proposal on the grounds that these houses are not aimed at the first time buyer as the proposal states that they are between four to five bedrooms. The Village has already had a steady growth of new houses built in the last ten years.This field has already had building applications refused three times in the past and each time a new application is made for fewer houses.The infrastructure of the Village whilst not having a shop and limited postal service and one primary school I feel is not suitable for such a increase to it."/>
