Comments	<ol style="list-style-type: none">1. This development cannot be classed as 'infill'contrary to the council plan2. The village has lost several amenities: the village shop and the 250 bus service is due to end this year. This means no public transport3. The access point is the main concern, opening onto the extremely busy, A4095 on a sharp blind bend. This road is getting busier daily, let alone when there is a problem with the A34 .4. There seems to be no affordable housing for local residents, the village does not need anymore large houses.5. There would be a great loss to wildlife, there are badgers which are supposed to be protected, deer, red kite etc etc who would all lose their habitat if this would go ahead6 with the large developments of Upper Heyford and Bicester there is not a need to trash local villages as well
