Condition number(s)

11. A landscape and ecology management plan (LEMP) for each phase of the development shall be submitted to, and be approved in writing by, the local planning authority prior to the commencement of the development of each phase. The content of the LEMP shall include the following:

- a) Description and evaluation of features to be managed;
- b) Ecological trends and constraints on site that might influence management;
- c) Aims and objectives of management;
- d) Appropriate management options for achieving aims and objectives;
- e) Prescriptions for management actions;
- f) Preparation of a work schedule (including an annual work plan capable of being rolled forward over a five-year period);
- g) Details of the body or organization responsible for implementation of the plan;
- h) Ongoing monitoring and remedial measures.

The plan shall also set out (where the results from monitoring show that conservation aims and objectives of the LEMP are not being met) how contingencies and/or remedial action will be identified, agreed and implemented so that the development still delivers the fully functioning biodiversity objectives of the originally approved scheme. The approved plan will be implemented in accordance with the approved details.

Where it is intended to create semi-natural habitats, all species used in the planting proposals shall be locally native species of local provenance unless otherwise agreed in writing with the local planning authority.
