

- Notes**
1. Do not scale.
 2. All levels and dimensions are to be checked on site before any work commences. All dimensions are in metres unless stated otherwise.
 3. Any discrepancies should be reported to the engineer immediately, so that clarification can be sought prior to the commencement of works.
 4. This drawing should be read in conjunction with all other relevant engineering details, drawings and specification.
 5. All works to be in accordance with the Specification for Highway Works.
 6. All works are to be carried out in accordance with Oxfordshire County Council Residential Road Design Guide.
 7. On completion the contractor is required to carry out an as-built survey of the completed highway works.

- Legend**
- - - Existing ground / carriageway
 - █ Extent of proposed embankment

- Notes:**
1. Refer to Motion standard details drawing for carriageway construction and footway construction specifications.
 2. Insitu CBR tests are to be taken at formation level and the results shall be provided to OCC. The formation shall be rolled and inspected prior to constructing the proposed road embankment. Any softspots that are identified shall be excavated and replaced with suitable fill material.
