Comments	<p>We wish to make the following comment:</p> <p>The trees are of value to the local amenity and should be protected if possible, however, we will accept the opinion of the Council's Arboricultural Officer if he is satisfied that the repair and protection of the drain would not be a practical proposition. If the trees have to be felled we would ask that two or three suitable trees are planted (trees that are not likely to cause damage in future) to replace the loss to local amenity.</p>
