Hi
Yes I think so.
Regarding the par•al discharge – will more/updated informa•on follow for a full discharge for the other Phases later? Is that how it works? – confess I am a bit confused on that but the informa•on is there for this stage so I have no further concerns.

Hi Charlo•e

Many thanks. Does this apply to both condi•ons?

condition 28 (22/03730/DISC) – the LEMP has now been updated to include information relating to habitat monitoring

condition 49 (Partial discharge of Condition 49 (Landscape and Ecology Management Plan) pursuant to Phase 2 of 19/01740/HYBRID) – details sent in May

Laura

The updated LEMP addresses my previous comments in point 7.4. The LEMP condition can be discharged therefore.

Kind regards

Charlotte
