

# Comment for planning application 22/03873/F

<b>Application Number</b>	<input type="text" value="22/03873/F"/>
<b>Location</b>	<input type="text" value="Land North And Adjacent To Mill Lane Stratton Audley"/>
<b>Proposal</b>	<input type="text" value="Installation and operation of a renewable energy generating station comprising ground-mounted photovoltaic solar arrays and battery-based electricity storage containers together with a switchgear container, inverter/transformer units, Site access, internal access tracks, security measures, access gates, other ancillary infrastructure and landscaping and biodiversity enhancements."/>
<b>Case Officer</b>	<input type="text" value="Rebekah Morgan"/>
<b>Organisation Name</b>	<input type="text" value="Lisa Collins"/>
<b>Address</b>	<input type="text" value="1 Copse Cottages, Mill Lane, Stratton Audley, Bicester, OX27 9AL"/>
<b>Type of Comment</b>	<input type="text" value="Support"/>
<b>Type</b>	<input type="text" value="neighbour"/>
<b>Comments</b>	<input type="text" value="I fully support this application for a number of reasons:&lt;br/&gt;The planet is going through a climate crisis which we can not recover from, we can level up the destructive nature of fossil fuel emissions by using environmentally friendly sources of energy and Photovoltaic (use of daylight) is one of those options.&lt;br/&gt;The solar panels will not be visible to me, selfish reason, the noise levels won't be as bad as the rally school opposite me, disruption due to Lorries etc will be only during the building stage and we've had to put up with HS2 and East/West rail for a number of years now so what's an extra couple more. The roads can't get any worse than they already are.&lt;br/&gt;The enhancement of the footpaths with planting of trees, hedgerows and wildlife corridors can only aid the wildlife here, of which we have an abundance, with shelter, food sources and nesting sites this in turn will create diversification in the plants, insects, birds and mammals which will in turn increase further."/>
