<b>Comments</b>	<input type="text" value="I am not in favour of the padbury brook solar farm because I don't feel that there a need to use productive land ,to put solar panels on when their are alternatives that should be used ie brown field sites industrial buildings.&lt;br/&gt;I've seen dual carriageways having a middle lane of solar panels on, with access for bicycles to travel underneath. No grass to look after by sheep or otherwise.&lt;br/&gt;Also not ever seen sheep on a solar farm!"/>
