

# Comment for planning application 22/03873/F

<b>Application Number</b>	<input type="text" value="22/03873/F"/>
<b>Location</b>	<input type="text" value="Land North And Adjacent To Mill Lane Stratton Audley"/>
<b>Proposal</b>	<input type="text" value="Installation and operation of a renewable energy generating station comprising ground-mounted photovoltaic solar arrays and battery-based electricity storage containers together with a switchgear container, inverter/transformer units, Site access, internal access tracks, security measures, access gates, other ancillary infrastructure and landscaping and biodiversity enhancements."/>
<b>Case Officer</b>	<input type="text" value="Rebekah Morgan"/>
<b>Organisation Name</b>	<input type="text" value="Clare Davis"/>
<b>Address</b>	<input type="text" value="Dymocks Farm House,Buckingham Road,Bicester,OX27 8RG"/>
<b>Type of Comment</b>	<input type="text" value="Objection"/>
<b>Type</b>	<input type="text" value="neighbour"/>
<b>Comments</b>	<input type="text" value="My objection to this application concerns the use of arable land for producing solar energy.&lt;br/&gt;&lt;br/&gt;I am fully supportive of solar, wind and all forms of alternative energy sources. However, I feel that taking arable land away from food production is damaging for the country as a whole. We need to use land that is not fertile or used for growing crops. How are we to feed ourselves as a nation, now and for future generations, if valuable arable land is not used for growing food. Surely, it is not right that it is more financially rewarding to have solar panels on land, than grow food. The war in Ukraine has shown us that we need to be self sufficient.&lt;br/&gt;&lt;br/&gt;I call on Cherwell Council to reject this application."/>
