I support this application because

We are in a cost-of-living crisis and need affordable, local sources of energy to address this

I also support Padbury Brook Solar Farm because

The site will result in a 215% biodiversity net gain, creating a local ecological asset

To whom it may concern,

I am writing to express my support for the Padbury Brook Solar Farm (Planning Application Reference 22/03873/F).

I support this application because we are in both a cost-of-living and climate crisis, and need affordable, local, clean sources of electricity to address these. Solar is one of the cheapest forms of generation available.

I also support this application because the application will also encourage a considerable (215%) net gain to local biodiversity, a significant benefit.

As such, I hope Cherwell District Council is able to support this planning application and recommend it for approval.

Yours faithfully,
Geraldine Knox
